

INVENTION DISCLOSURE FORM

1. TITLE OF INVENTION: _____

2. INVENTOR(S):

Name: _____

Home Address: _____

Citizen of: _____

Telephone No. _____

Name: _____

Home Address: _____

Citizen of: _____

Telephone No. _____

Please attach a separate sheet listing any additional inventors.

3. PROOF OF CONCEPTION

A. Who first described the invention? _____

Who made the first drawings? _____

When was the first drawing made? _____

Location of the first drawing: _____

B. When was the first written description made? _____

Describe all documentation relating to conception of the invention: _____

4. REDUCTION TO PRACTICE

A. Was a prototype device constructed and tested, or has the process been tested and/or used? Yes () No ()

B. Who constructed the device or tested and/or used the process?

Date Started: _____ Date Completed: _____

INVENTION DISCLOSURE FORM

- C. Identify documents, including photographs, drawings, data sheets, notebook pages, etc. showing reduction to practice of the invention and test results, and note the location of such documents:

5. GOVERNMENT CONTRACTS

Was the invention developed using any funds from a government contract?

Yes () No ()

If yes, Granting Authority: _____ Grant No.: _____

6. PUBLIC DISCLOSURE

- A. Has the invention been publicly disclosed in a printed publication? Yes () No ()

Publication: _____ Date: _____

- B. Has the invention been disclosed in any other way such as, for example, in a presentation, at a conference, in a demonstration, or in a discussion with professional colleagues?

Yes () No () If yes, when and where?

- C. If the invention has not been publicly disclosed, is public disclosure of it planned? Yes () No ()

If yes, when and where?

- D. Are there any related invention disclosures or patent applications? Yes () No () If yes, elaborate.
